

VolumeControl.Hotkeys.Hotkey  
Manager.AddHotkey

VolumeControl.Hotkeys.Hotkey  
Manager.DelHotkey

VolumeControl.Log.LogWriter.Info

```
graph LR; A["VolumeControl.Hotkeys.Hotkey Manager.AddHotkey"] --> C["VolumeControl.Log.LogWriter.Info"]; B["VolumeControl.Hotkeys.Hotkey Manager.DelHotkey"] --> C;
```

The diagram illustrates a dependency or call relationship. On the left, two white rectangular boxes represent source methods: 'VolumeControl.Hotkeys.Hotkey Manager.AddHotkey' (top) and 'VolumeControl.Hotkeys.Hotkey Manager.DelHotkey' (bottom). On the right, a gray rectangular box represents the target method: 'VolumeControl.Log.LogWriter.Info'. Two blue arrows originate from the right side of the source boxes and point towards the left side of the target box, indicating that both source methods call or depend on the target method.
